

TACTICAL ENERGETIC ENTRY SYSTEMS

EXPLOSIVE HANDLERS & BREACHING COURSE

**SEPTEMBER 20-24, 2027
THE LAB TRAINING CENTER
OSSEO, MI
\$1575**

The aim of this 5 day course is to introduce the student to time tested and operationally proven drills and procedures in order to establish or further enhance an existing explosive breaching program within their unit or department.

This course has been designed for non EOD Technicians who have little to no experience in the recognition and safe handling of explosive compounds. Day one will be devoted to the theory and handling of explosives with days two-five focusing on explosive breaching techniques.

On successful completion of this course, the student will possess the necessary skills to safely and confidently employ explosive breaching charges in support of special operation missions.
